Main Task 2: trace table

Name: _____ Class: _____ Date: _____

Use this sheet for EAD part **02.4** if you prefer to trace on paper. Keep fitness_working.py and activity.txt unchanged. Use the default person, ID 1001.

Record 1

```
1001,21,1,3,08:30,Running,60,10.0,148,70.1
```

Record 2

```
1001,21,2,3,07:30,Running,58,10.9,137,71.2
```

Record 14

```
1002,60,6,5,10:20,running,40,20.0,120,90.0
```

Trace these records through LoadActivity for the default person, ID 1001. Enter each stored value and Yes or No to show whether it is appended. Keep the original letter case and decimal values.

Record	PersonID	WeekNo	Time	Distance	Appended?
1					
2					
14					

When you finish, take a clear photograph of the whole table. Insert it into your Main Task 2 Word EAD at 02.4, then save and submit the EAD in Teams.
